

The Amatoritsese Gagar Foundation (AGF) held the 2nd edition of the Tertiary Scholarship Awards to Itsekiri Indigenes from Warri North, Warri South and Warri South-West Local Government Areas of Delta State, Nigeria on 31 July 2021.

The occasion was both a sad and benchmark day for us. Sad, because we lost the visioner and promoter of AGF, Mr Joseph Martin Gagar, who was buried some few days to the event. Benchmark and an auspicious day because, we, as members of the board of the foundation resolved and put a stick in the ground that the dreams of our Chairman will be upheld and taken to greater heights, God helping us. The event was a testament to that resolution and there will be more of such events and other interventions in the coming days in Ugbege Community in Warri North Local Government Area and Itsekiri kingdom at large.

The Amatoritsese Gagar Foundation came into existence in 2017 as a privately funded Non- Governmental Organisation (NGO) to create opportunities for indigent young men and women in Itsekiri Kingdom to access support for vocational skills acquisition and educational development. The major objective is the empowerment of our youths towards meaningful engagement/employment which will lead to poverty reduction for the common good of the people, community growth and development and promotion of peace and security.

We are truly excited and fulfilled to announce the following candidates as beneficiaries of the 2nd edition of AGF scholarship awards covering tuition fees, accommodation and stipend for sustenance for the 2021/2022 academic session:
